

# Family-guided Routine Based Intervention

*Juliann Woods, Ph.D. CCC-SLP*

*Department of Communication Disorders*

*Florida State University*

## Training Outcomes

### Participants will:

1. Gain knowledge of second generation family-guided routine based intervention approaches.
2. Identify components of developmentally appropriate goals, objectives, and outcomes important for activity based teaching and learning.
3. Increase diversity of routines and activities for home and community settings.
4. Increase knowledge of intervention planning and progress monitoring in FG-RBI.

9:00 Introduction and Identification  
of Outcomes for the Day

9:15 What is FG-RBI?  
-What have we learned?  
-Why is it important?  
-How do we use it?

10:00 Break

10:30 Identifying routines and activities  
at home and in the community

11:00 Choosing outcomes and goals  
for FG-RBI  
Process vs. Product Activity

12:00 Lunch

1:00 Consultative Approaches  
1:15 Planning in FG-RBI  
-Observing Careproviders  
-Considerations  
-Matrix  
-Intervention principles

2:00 Break

2:15 Increasing opportunities  
with caregivers

3:00 Monitoring progress

3:30 What do you do when?

3:45 Summary and Evaluation
