Family-guided Routine Based Intervention

Juliann Woods, Ph.D. CCC-SLP
Department of Communication Disorders
Florida State University

Training Outcomes

Participants will:
1. Gain knowledge of second generation family-guided routine based intervention approaches.
2. Identify components of developmentally appropriate goals, objectives, and outcomes important for activity based teaching and learning.
3. Increase diversity of routines and activities for home and community settings.
4. Increase knowledge of intervention planning and progress monitoring in FG-RBI.

9:00 Introduction and Identification of Outcomes for the Day
12:00 Lunch

9:15 What is FG-RBI?
-What have we learned?
-Why is it important?
-How do we use it?
1:00 Consultative Approaches
1:15 Planning in FG-RBI
-Observing Careproviders
-Considerations
-Matrix
-Intervention principles

10:00 Break
2:00 Break

10:30 Identifying routines and activities at home and in the community
2:15 Increasing opportunities with caregivers

11:00 Choosing outcomes and goals for FG-RBI
Process vs. Product Activity
3:00 Monitoring progress
3:30 What do you do when?
3:45 Summary and Evaluation

TaCTICS is a project of Florida State University
